**MINUTES
Troutdale PSEAC
Troutdale Police Community Center – Kellogg Room
234 SW Kendall Court
April 4, 2024 – 6:30PM**

1. CALL TO ORDER & ROLL CALL

PSEAC Chair called the meeting to order at 6:30pm

PRESENT: Chair Victoria Rizzo, Vice-Chair Woodrow Terrell, Carol Allen, Shelby Staffenson, Twilla Harrington, Mary Howell, Sherilee Winters

ABSENT: Wade Bakley

STAFF: Captain Doug Asboe

GUESTS: Paul Wilcox, Troutdale resident and Sandy Glantz, City Councilor.

2. PLEDGE OF ALLEGIANCE

The committee and attending public recited the Pledge of Allegiance.

3. PUBLIC COMMENT

None.

4. APPROVE MARCH 7, 2024 MEETING MINUTES

Mary Howell stated on page 2 under Committee questions for Twilla Harrington’s question it says “...in her link of work” but it is supposed to be line of work.

MOTION: Shelby Staffenson moved to approve the March 7, 2024 meeting minutes. Seconded by Carol Allen.

Motion passed unanimously.

5. REPORT FROM GRESHAM FIRE DEPARTMENT & DISCUSSION ON CERT AND SCOUT EXPLORERS

Scott Lewis, Gresham Fire Chief, reviewed the PowerPoint presentation that he showed to the City Council on February 27, 2024 (a copy was included in the meeting packet).

Committee questions:

- Sheri Winters: The slide on Station 75, I wondered if there was a way to reconstruct that on the lot and build up?

- Chief Lewis: You could build up but the thing about building up is that it costs a lot more.
- Sheri Winters: Is there a way to utilize a volunteer fire force?
 - Chief Lewis: No because the fire service delivery here is more complicated than it is in Corbett where it is mostly single family residential and very dispersed.
- Woodrow Terrel: Regarding new hires, was the paramedic example that you gave a rookie new hire or were they poached from another entity?
 - Chief Lewis: That one was poached from another entity. Most of the people that we hire have been a fire fighter of some sort.
- Woodrow Terrell: Does this increase your retention?
 - Chief Lewis: In the last couple of years we've had people leave for other organizations. A couple of years ago we lost 4 or 5 and all but 2 have come back.
- Woodrow Terrell: What are some of the outreach programs that you are doing in the community?
 - Chief Lewis: Almost none due to funding and resource issues. We do send fire engines out to all sorts of events such as school, national night outs, and that sort of thing.
- Carol Allen: In 2006-2007 my son was part of a program in high school, do you have that program still or will it come back?
 - Chief Lewis: We shut that down during the COVID closures. It used to be a Fire Explorer Post which was part of the Boy Scout program. We converted that into the Fire Cadets which still exists and there is usually a recruitment in the fall. We have between 12-18 Cadets at any one time. We've hired several of them.

6. REVIEW OF MONTHLY LAW ENFORCEMENT REPORTS FROM MARCH

- Captain Asboe discussed the Law Enforcement Reports
- Items of Note:
 - Slight reduction in calls for services from last month which is pretty typical of the previous year's average.
 - There were 10 detective cases assigned out of Troutdale in March. Of those cases, 5 have already been cleared.
 - There was a significant reduction in reported stolen vehicles. We went down to only 1 reported this month.
 - A non-typical item on the calls for service log was on March 8th there was a robbery at a local Troutdale business. A limited amount of cash was removed from the scene and nobody was injured. That was assigned to a detective and is actively being investigated.
- Committee Questions:
 - Mary Howell: There is a gentleman on Frontage Road (in front of McDonald's) that has been lying there and I wondered if that has been addressed?
 - Captain Asboe: He has been offered multiple options and he is choosing to stay there. The HOPE team and outside partners have been in contact with him. ODOT has also been contacted who manages that section of property and they are aware of it.
 - Twilla Harrington: From the law enforcement perspective, do they have a decision at all or have the capacity to say yes, I want to stay here, or how is that assessed?

- Captain Asboe: Law enforcement is very limited in things when it comes to behavioral issues that we can take them into custody. Realistically, it's a matter of if they are a danger to themselves or a danger to others, which is vague. We have to base that on the accepted practice and right now that has historically been, are they suicidal and/or homicidal.
- Woodrow Terrell: I saw a high value load request from a shipping company, the parent company of Bed, Bath and Beyond and Victoria Secret, and it some something a truck driver had shared that he said came from the shipping company. These are the truck stops that we tell our truck drivers not to use.
 - Captain Asboe: The companies can pick and choose where they want their drivers to be. I can tell you that there is no evidence in Troutdale to support a claim of a substantial amount of thefts. We don't have a substantial amount of theft calls anywhere on Frontage Road. There could be some historical context from many years ago that supported that.
- Sheri Winters: When accidents are coded as accident hit and run and you respond to them, are they actually a hit and run or more like the call got put in and nobody waited around and they left?
 - Captain Asboe: It could be either of those. Sometimes they are truly hit and runs and sometimes it could be a door ding in a parking lot but because there isn't a second party there, it's listed as a hit and run, at least until the deputies get there and resolve it.
- Twilla Harrington: One of our neighborhoods have had a problem with illegal dumping. Do you have any thoughts on strategies other than calling Code Compliance?
 - Captain Asboe: Signage could be helpful. If you could send me the location via email, I will let our Community Resource Deputy know and start looking into it. He can also reach out to Metro who manages illegal dumping and see if we can coordinate with them to do some work on that as well.
- Woodrow Terrell: Apparently there's been some graffiti on the base of the Columbia River bridge that crosses the Sandy River. Now there is a graphic unmentionable painted on there now. Who do we talk to about this?
 - Captain Asboe: Calling or making an online report lets us know that it's occurring. I am very familiar with the east side of the bridge getting graffiti and that is managed by Oregon State Parks and they've spent an exorbitant amounts of money painting that. We will happily take reports on it and make effort, but graffiti is a tough thing.
- Woodrow Terrell: Could a community group or a group of artists repaint it or would that cause more issues?
 - Captain Asboe: I am not sure on the west side. I did look into that on the east side because there was a group of houseless that wanted to clean it up and paint a nice mural thinking it might make it less likely to be graffitied over. Oregon State Parks opted not to allow that. I'm not sure whether Troutdale controls any of that but I can look into that.
- Paul Wilcox, Troutdale Resident: On the Calls for Service Log, the 2nd call listed was a medical assist on March 1st. It was 15 minutes from the time the incident occurred and the time it was dispatched. Is that because 911 didn't answer the phone or what would account for that?

- Captain Asboe: I don't know the reason but it's probably based on BOEC's CAD system. I don't know if that's because that is what time the call hit their system but they didn't actually answer it at that time. BOEC would better be able to answer that. I can add that that we were dispatched to that call as a secondary resource, the original call was a medical call and medical could have been there for a long time before we were dispatched or a few minutes before we were dispatched.

7. GRESHAM FIRE INSPECTION FEES

Committee Questions:

- Mary Howell: Are these one-time fees or are they recurring fees? If recurring, how often are they charged?
 - Chief Lewis: These are fees we are currently charging in all of our other jurisdictions. They are per inspection fees, frequently these are annual inspections. We are doing these inspections now but they are coming out of your General Fund. What the other cities have done is make the people that generate the inspection, pay the fee. Some of these are individual permits, some are annual permits, and some are per event.
- Mary Howell: Is this just for businesses? What if I want to set up a tent because it's a hot day by the Sandy River?
 - Chief Lewis: We wouldn't care about that unless you set up a tent by the Sandy River and you were selling hot dogs.
- Woodrow Terrell: Is the timing of these associated with any other types of deadlines or dates?
 - Chief Lewis: Sometimes there is an initial business license inspection for a new business.
- Twilla Harrington: Is there an estimate of how much revenue this would generate each year? And what happens when people don't pay the fee? Would the City go after them for collection?
 - Chief Lewis: I don't know how it is proposed in Troutdale. You can establish a lien against a property.
- Shelby Staffenson: Since businesses haven't been paying this right now and you are saying we have ones that don't comply. We want to encourage compliance but I have sympathy for small business owners. I have heard with bigger companies before they have a fire inspection that they hire private companies so they pay fees on that and then they have the fire department checks.
 - Chief Lewis: If you develop a new property, there are all sorts of things that are part of that. I've never started a business from scratch but everybody says it's expensive to get going and will suck up all your cash in a hurry. Even though a business is brand new and built from the ground up, your City is still going to charge them for a business license. Then we will come in and make sure they've put everything in the right places and they are doing business safely.
- Sheri Winters: I look at seasonal sales like Christmas trees and it seems excessive.
 - Chief Lewis: If the Boy Scouts are selling Christmas trees and we come out and do an inspection, we don't charge non-profits. But if Bob and Billy go up and cut a bunch of trees and sell them all for profit, then they would pay the fee. Firework stands are the same way.

- Sheri Winters: What about the people that I see on the corners selling oranges and flowers?
 - Chief Lewis: It was brought up at a Gresham City Council meeting. There are 2 questions, are they independent sellers or are they working for someone else. Usually it's someone else and they have a business license to do that. There is also a code enforcement portion of that with them standing in the median which is not necessarily the safest way to do it. The idea is that we'll go to these businesses and try to get them into the farmers markets or a parking lot so it's a safer location.
- Sheri Winters: The other item I have a big concern on is residential open burning now requires a \$158 permit.
 - Chief Lewis: If you pass a burn ban you can have an open burning permit provided your property is 1 acre or larger and you have the setback requirements then you can apply for an open burning permit and there is a fee.

8. BURN BAN IN TROUTDALE

Key Items Discussed:

- Twilla Harrington: Is this language that came from other Cities that have adopted this? When I read #1 it reads as there would be no fires are all. Are we distinguishing between large yard burns and backyard fire pit or smoker cooking a turkey.
 - Chief Lewis: This is for backyard burning of yard debris, garbage, etc. What you don't see are recreational fires such as a fire pit, those are allowed. But even that can create smoke that is noxious and bothers your neighbors and that is not ok. There could be a point in the summer at the worst of the burn time that all burning would be banned including recreational and that is for everyone's safety.
- Shelby Staffenson: I've very against the burn ban because we burn on a few of the days that we get to burn each year and I believe we should be able to do that. It's only a few days a year that we get to do that, we have been doing it, and we don't have an issue. When I was at City Council there were a lot of people that were against it.
- Sheri Winters: As a former wildland firefighter and current burn barrel user, I mitigate fire danger in my yard with cleaning up that mess. I can't get it all out in a weekly pickup.

MOTION: Shelby Staffenson moved that we do not proceed with the proposed backyard burn ban. Seconded by Sheri Winters.

VOTE: Carol Allen – Yes; Woodrow Terrell – Yes; Shelby Staffenson – Yes; Victoria Rizzo – Yes; Twilla Harrington – Yes; Mary Howell – No; and Sherilee Winters – Yes.

Motion passed 6-1.

9. UPDATE ON SAFETY SURVEY

This item is going to be rescheduled to the next meeting.

10. DISCUSSION ON RED LIGHT CAMERAS

MOTION: Shelby Staffenson moved that our Committee proposes that there be no red light cameras at this time. Seconded by Twilla Harrington.

VOTE: Carol Allen – Yes; Woodrow Terrell – Yes; Shelby Staffenson – Yes; Victoria Rizzo – Yes; Twilla Harrington – Yes; Mary Howell – Yes; and Sherilee Winters – Yes.

Motion passed 7-0.

11. UPDATE ON NEXT MONTH'S AGENDA

1. Update on the Safety Survey
2. See if Ray can get someone to talk about Fire Inspection Fees
3. Chief Asboe's report
4. Woodrow Terrell will email about CERT.

12. CONFIRM NEXT MEETING DATE – MAY 2, 2024 AT 6:30 PM

Victoria Rizzo and Woodrow Terrell will not be available to attend on May 2nd.

Victoria Rizzo will be working to see what dates would be available in the room to hold the next meeting and poll the Committee to set the next meeting date.

13. COMMITTEE MEMBER COMMENTS

- Carol Allen: This was a good meeting. It was great to have Chief Lewis here. And for Captain Asboe to hear our concerns about the gentleman on Frontage Road.
- Twilla Harrington: Appreciated Chief Lewis being here. I want to investigate burn barrels because I thought it was safer. She appreciates the work MCSO is doing to help with outreach to the gentlemen sleeping near roadways, it's so unsafe.
- Shelby Staffenson: Good meeting and thanks to the Fire Chief for coming. I really don't like to see us lose rights and I'm not in favor of the fees either.
- Mary Howell: Thank you.
- Sheri Winters: Good meeting. I would appreciate getting more information. I concur that I hate to see freedoms get taken away.
- Woodrow Terrell: Thanks for putting up with me stumbling through running the meeting as Vice Chair.

14. ADJOURNMENT

MOTION: Shelby Staffenson moved to adjourn. Seconded by Carol Allen.

Motion passed unanimously.

Meeting adjourned at 9:01 PM.

Re: County Improvements to 257th

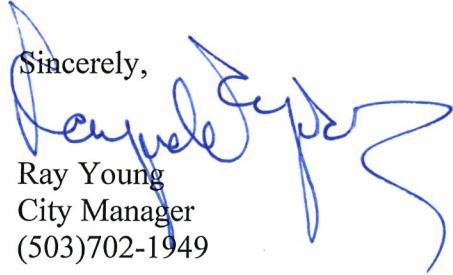

Dear Senator Gorsek and Representative Hudson,

A consensus of the City Council has asked me to send you this letter regarding Multnomah County's project to "improve" 257th from Stark St. north to Cherry Park Rd. Attached is the County's brochure on the project. The Council expressed two concerns, both of which were also communicated to the County at a recent meeting.

1. The lane widths are going to be uniformly reduced to 11 ft. wide and not 12 ft. wide. The road is a major truck route in the region, and they are concerned that the narrowing will make the road more dangerous for pedestrians and bicyclists. Our Public Safety and Equity Committee believed that the County's documentation to justify narrowing seemed contradictory. It seemed to say that it might not be appropriate on roads that "serve as a transit or freight corridor".
2. The plans call for a "enhanced pedestrian crossing" at 28th and 257th. However, if you look at the attached plan, it seems to make a lot more sense to put it instead at 26th and 257th. That intersection is a cross street and a bus stop.

Council would appreciate any assistance you can give in supporting these concerns and getting some modifications from the County.

Sincerely,

Ray Young
